The Work We Do Every Day Matters!

Literacy with Ms. Jill

During the month of January we will incorporate Word of the Week. A new Vocabulary word will be posted and discussed. Vocabulary development is very important in terms of how students construct meaning when reading any kind of text.

Students will be asked to use the word to create sentences. Students review the life and legacy of Dr. Martin Luther King Jr. Students will write about their dreams.

STEM! with Miss Sheiree

EXPLORING FOOD SCIENCE: What's On Your Plate? Exploring Food Science uses hands-on activities to teach youth the building blocks of food science using chemistry, biology, and math in a "kitchen laboratory" setting. Our menu in STEM this month consists of:

- **Activity 1** - Flour's Secret Ingredient: Great Globes of Gluten
- **Activity 2** - Baking the Best Bread: Leavening Agents in Action
- **Activity 3** - Batters that Matter: Ingredients and Mixing Methods
- **Activity 4** - Food Science in a Minute Podcast

Reminders

Update Your Calendars...
